Nov. 1. 1874. Sunday.

Today we started for Rosario  
After coffee helped Walter  
to carry the trunks &c  
down stairs and then to  
load them into a cart to  
be taken to the depot.  
We then followed the cart

to the depot, and I helped to unload it into the baggage wagon car.

I then staid there until 9:50 A.M. when the train started, to take care of the loose baggage. At 9:50 A.M. the train started for Tigre. We got there at about 12 o'clock. We had to walk a little way to the steamer, and we had to carry our hand baggage. We had to show our pass on going on board. The steamer started at about 1 P.M. when we had breakfast. Most of the afternoon the steamer went through sloughs, and had to be poled sometimes. At about 4 o'clock we entered the Parana. It is not as wide as

I thought but <sup>we</sup> could  
not see the other side as  
it is filled with islands.  
At six we had supper.  
We have very good things  
to eat. I and Charley  
have to sleep in a room  
with two other men.  
It was a warm day.

Nov. 2. 1874, Monday  
I didn't sleep very  
well last night, because  
it was cold. We stopped  
at San Nicholas at  
about 11 A.M. At 10 A.M.  
we had breakfast, I had  
to sit alone ~~at the~~ end  
of the boat, and it  
getting rough I nearly  
got seasick which  
many did. We arrived  
at Rosario at 2 P.M.

and after our baggage  
passed the custom house,  
we had it driven to the  
Globe Hotel, where we  
are going to stay.

Mr. Mahler is working

Oct. 9, 1874 Monday.  
Today we moved into  
the new house hired  
by father No. 150 Calle  
Rioja. I and Willie  
had to sleep in the house  
two nights already.  
We have folding beds (cots)  
and cooking things, etc.

Nov. 15, 1874. Sunday.  
This morning father  
and Frank started for  
Cordova in the cars,  
to take a look at the  
country. At about 11  
A.M. Grand Willie, incl,  
Charley, and Maher walk  
out into the country  
up the river for about  
a league. We seen the  
soldiers camp (3000 men),  
a big tarantula near a  
pitcher hole, owls,  
some drunken soldiers,  
and a lizard about 3 ft.  
long.

the wharfs; we seen  
a little boy fall into  
the water & nearly drown,  
and some oven fall down

and their necks nearly  
broken, but all right,  
and 1 fish caught.  
We fish a good deal  
now, without success.

This afternoon we all  
were astonished by
