CURE OF DEAFNESS.
NOISES IN THE EARS.

REV. E. J. SILVERTON, Specialist for the CURE of DISEASES OF the EAR, invites sufferers to send for his treatise, a work showing the nature of the disease and the means of cure. 400th thousand. Post free, six stamps. A letter of advice will be sent with the book, without further charge, to all persons who send a statement of their case. The treatment is frequently very rapid in restoring the hearing power or removing other aural troubles. Patients are not required to leave business or home, as the system adopted by Mr. Silvertton gives no pain or inconvenience. Thousands of persons are thus successfully treated. Hearing has been given where none previously seemed to exist, and speech has followed as a result. One lady was cured at the age of 90, and another person after 40 years' deafness. In cases of offensive discharge from the ears the treatment is most successful, curing after many years' standing. Nervous and throat deafness it also cures. If deafness is allowed to remain in young people loss of speech is likely to follow, hence the importance of immediate and successful treatment. Those who suffer with noises in the ears, with or without giddiness, will find in this remedy the means of cure. It is the height of folly to neglect the first symptoms of aural troubles. Mr. Silvertton's celebrated ear trumpets and sound conductors may be seen and tested at his Consulting Rooms. Instruments and remedies to suit all. None should despair. Address:—

FLEAS IN DOGS.

"There is no one, save the poor animal himself, knows the misery and wretchedness that fleas cause to a dog. It is not too much to say that they cost thousands of valuable animals their lives, for not only is sleep thereby banished and nervous ailments induced, but the constant scratching spoils the coat and brings on skin disease. Naldire's Dog Soap destroys these pests, and changes many a miserable cur into a well-feathered, sleek, and happy dog."—Gordon Stables, M.D., R.N.

BURGESS'S LION OINTMENT AND PILLS.

ALL OVER THE GLOBE.

A MARTYR TO HIS PROFESSION.

A lady who arrived in England by the P. and O. Company's steamship *Pekin*, on the 31st January last, brings an account of the decease of a medical gentleman who succumbed in the heroic effort to save one of the limbs of a patient. The patient, H. A. E. Wharton, of Ahmedabad, four years ago, when 14 years of age, was bitten by a dog, causing a bad wound in his leg. He laid in bed three months, when he was removed to the European General Hospital at Bombay, where he remained about 18 months, and left as the medical authorities pronounced amputation just below the knee the only chance for a cure. He then attended Sir Jamesjee Jehobhoy's Hospital for several months, and finally went under the treatment of Dr. Wagner. This gentleman saw there was, in his opinion, a cure to be effected by grafting a healthy piece of flesh over the wound; but where to obtain that indispensable piece? Few people would entertain the idea of yielding up to even such a Shylock as necessity an atom of healthy flesh for the benefit of a comparative stranger; however, Dr. Wagner, nobly devoted to his profession, decided to graft his own flesh on the wound, and did so, unfortunately with disastrous result, he contracting blood poisoning during the operation, from which he died, a loss not only to his profession, but to all who admire unselfish devotion in alleviating the pains of others. The patient did not derive any benefit from the operation, and naturally gave his leg up as lost, when he received, in August last, per outward mail to Bombay, from his grandfather, Mr. Charles Hultums, 183, Stanhope-street, Mornington-crescent, N.W., a box, each of the Lion Pills and Ointment, which he immediately commenced to apply and by persistent use of those remedies his leg was completely cured and quite sound when his mother left India in January last. Mrs. Wharton, with her husband and her father, Mr. Hultums, called upon Mr. E. Burgess, the proprietor of the Lion Pills and Ointment, at his establishment, 117, High Holborn, on Feb. 23rd last, to state the above facts, and personally thank him for the cure effected by his remedies. —March 1st, 1888.

Letts's FILE BOXES, from 1s.

The simplest and most useful contrivance for putting away papers. Externally it looks like a book, and is suitable for placing with bound books on the library shelf; internally it has a loose flap, kept in position by an elastic cord, and under this the papers are always retained in position for easy reference.

No.	Inside measure.	Each.	Index.
		s. d.	s. d.

An extension of this principle, the box having a fall-down front, and INDEXED BOARDS inside, enables letters, invoices, &c., to be at once filed away in alphabetical order, for subsequent removal to the file boxes referring to each letter. It is the most economical system of preserving papers for reference ever introduced. For prices, see above under *Index*.

Letts's INSTANTANEOUS COPYIST

Enables anyone to produce 50 to 100 copies of a document in a few minutes without machine or chemical appliance of any sort. It is in use in thousands of offices in Great Britain, and is superior to any other copying process, because

- (1) It yields better copies and more of them;
- (2) The composition is more durable;
- (3) It is relatively much cheaper;
- (4) The writing is more easily removed after use.

NERVOUS EXHAUSTION.

PULVERMACHER'S WORLD-FAMED GALVANIC BELTS

for the cure of NERVOUS EXHAUSTION AND DEBILITY have received Testimonials from three Physicians to Her Majesty the Queen, and over Forty Members of the Royal College of Physicians of London.

The distressing symptoms of NERVOUS EXHAUSTION AND DEBILITY are speedily removed by means of PULVERMACHER'S World-famed GALVANIC BELTS, which are so arranged as to convey a powerful electric current direct to the affected parts, gradually stimulating and strengthening all the nerves and muscles, and speedily arresting all symptoms of waste and decay.

DR. C. HANDFIELD JONES, Physician to St. Mary's Hospital, says:—"I am satisfied that Mr. PULVERMACHER is an honest and earnest labourer in the field of science, and I think he deserves to meet with every encouragement."

DR. GOLDING BIRD, Physician of Guy's Hospital, says:—"I can hardly recommend Mr. PULVERMACHER'S INVENTION too strongly."

DR. R. M. LAWRENCE, Physician to Great Northern Hospital, says:—"I have frequently used PULVERMACHER'S APPLIANCES, and can testify to the great merit of this invention."

DR. JAMES WILSON, Physician to the Worcester Infirmary, says:—"I have used Mr. PULVERMACHER'S BELTS for many years, and I know of no remedy of the present day so efficacious as PULVERMACHER'S APPLIANCES in the treatment of those cases that so frequently come under the notice of the Physician, and in which medicine seems so powerless."

DR. VINES, Fellow of the Royal College of Physicians, says:—"Having used Mr. PULVERMACHER'S BELTS for many years in the course of medical practice, I am in a position to speak of their great value as a curative agent in cases of nervous disease or functional maladies."

For full Price List and Particulars see new Pamphlet, "GALVANISM: NATURE'S CHIEF RESTORER OF IMPAIRED VITAL ENERGY." Post free from

“BY a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided our breakfast-table with a delicately-flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution

may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack where there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.”—*The Civil Service Gazette.*
