Dear Frank —

Since seeing you at the end of the school term last year, I have been wondering how your trip to California and back progressed. I was sorry I did not get to go with you as I ended up not doing anything all summer. Al Gross-out tells me you bought Beardsford and started off — I have seen Al quite often and almost went to Home — going with him. As you probably know by now Illinois lost to Northwestern 13-0 and it looks like Northwestern will win the conference if they can win over Minnesota that day after tomorrow. Ray Kiel, Al & I are going down some week end shortly when it is quiet and we can see the boys without sleep —

ing on the piano or in the shower.
Nothing exciting has happened up
here — I see a Phi lion & then
for lunch down town. I under-
stand Ken Smith is back in school
and Ray Keil is looking for a job
as I am doing. A friend of mine
in Louisiana, wants to get a
small ketch, 32 feet or more and
sail around the world. He and
a friend of his are very fine sailors
and as soon as we can dig up some
cash we might be off for far away
places — If we should get down
your way we will drop in. Write
and tell me how your Army career
is coming along and the particulars
of your auto trip across the States.
I recently read an interesting
article on Argentina in "Fortune
Magazine". Let me hear from you
and I will dig up some news from
Champaign for you.

Dear Frank ---

Since seeing you at the end of the school term last year, I have been wondering how your trip to California and back progressed. I am sorry I did not get to go with you as I ended up not doing anything all summer. Al Grossath tells me you bought Beardsley Ford and started off --- I have seen Al quite often and almost went to Home-Coming with him. As you probably know by now Illinois lost to Northwestern 13-0 and it looks like Northwestern will win over Minnesota the day after tomorrow. Ray Keil, Al & I are going down some week end shortly when it is quiet and we can see the boys without sleeping on the piano or in the shower. Nothing exciting has happened up here --- I see a Phi now & then for lunch down town. I understand Ken Smith is back in school and Ray Keil is looking for a job as I am doing. A friend of mine in Louisiana wants to get a small ketch, 32 feet or more and sail around the world. He and a friend of his are very fine sailors and as soon as we can dig up some cash we might be off for far away places --- If we should get down your way we will drop in.
