LIFE'S RACE A BATTLE, NOT A JIGRY.

IN THE BATTLE OF THIS LIFE

ENO'S "FRUIT SALT"

Is an imperative hygienic need, or necessary adjunct. It keeps the blood pure, prevents and cures fevers and acute inflammatory diseases, removes the injurious effects of stimulants, narcotics, such as alcohol, tobacco, tea and coffee, by natural means; thus restoring the nervous system to its normal condition by preventing the great danger of poisoned blood and over cerebral activity sleeplessness, irritability, worry, etc.

AT HOME: My Household God. ABROAD: My "Vade Mecum."

A GENERAL OFFICER, writing from Ascot on January 2nd, 1886, says:—" Blessings on your 'FRUIT SALT'! I trust it is not profane to say so, but in common parlance I swear by it. Here stands the cherished bottle on the chimney-piece of my sanctum, my little idol, at home my household god, abroad my *vade mecum*. Think not this is the rhapsody of a psychopండి; no, it is only the outpouring of a grateful heart. The fact is, I am, in common I dare say with numerous old fellows of my age (67), now and then troubled with a fit of the blues. No sooner, however, do I use your cheery remedy than exit Pain—Richard is himself again. So highly do I value your composition that, when taking it, I grudge even the little sediment that will always remain at the bottom of the glass. I give, therefore, the following advice to those wise persons who have learnt to appreciate its inestimable benefits—

"When ENO'S SALT betimes you take,

No waste of this elixir make,

Writing again on January 24th, 1888, he adds:—"Dear Sir.—A year or two ago I addressed you in grateful recognition of the never-failing virtues of your world-famed remedy. The same old man in the same strain now salutes you with the following—

"When Time, who steals our years away,

Shall steal our pleasures too,

HEADACHE AND DISORDERED STOMACH.—"After suffering two-and-a-half years from severe headache and disordered stomach, and after trying almost everything, without any benefit, I was recommended ENO'S 'FRUIT SALT.' Before I had finished one bottle, I found it doing me a great deal of good, and am now restored to my usual health. Others I know who have tried it have not enjoyed such good health for years.

SUPERIOR TO ALL OTHER SALINES.—"Dear Sir.—Having been in the habit of taking your 'FRUIT SALT' for many years, I think it only right to tell you that I consider it a most invaluable medicine, and far superior to all other saline mixtures I have ever tried. I am never without a bottle of it in the house, as I find it possesses three most desirable qualities, namely—it is pleasant to the taste, promptly efficacious, and leaves no unpleasant after-effects. I do not wish my name to appear, but apart from the publication of that you are welcome to make use of this testimonial in it is of service. "A DEVONSHIRE LADY.—January 26th, 1888."

THE SECRET OF SUCCESS.—STERLING HONESTY OF PURPOSE.

Without it Life is a Sham!!

"A new invention is brought before the public, and commands success. A score of abominable imitations are immediately introduced by the manufacturer, who, in copying the original closely—equally to the public, and yet not so exactly as to infringe upon legal rights, exercises an ingenuity that, employed in an original channel, could not fail to secure reputation and profit.—ADAMS."

EXAMINE EACH BOTTLE, AND SEE THAT THE CAPSULE IS MARKED ENO'S "FRUIT SALT." WITHOUT IT YOU HAVE BEEN IMPOSED ON BY A WORTHLESS IMITATION.

Prepared only at Eno's "Fruit Salt" Works, London, S.E., by J. C. Eno's Patent.

FREEMAN'S CHLORODYNE.

The Original and only True.

A SURE PREVENTATIVE OF INFLUENZA.

DISCOVERED and invented by Richard Freeman in 1814. Introduced into India in 1853, and subsequently into the Australasian Colonies, Egypt, China, and every other part of the world they are found. FREEMAN'S CHLORODYNE is a special and specific remedy:

In the following diseases, no matter in what part of the world they are found, FREEMAN'S CHLORODYNE is a special and specific remedy: diarrhoea, ague, dysentery (both acute and chronic), ardent dengue and all other kinds of fever, cramp, colic, gout, neuralgia, rheumatism, wind-stroke, sore throat, influenza, Whooping cough, bronchitis, asthma, epilepsy, hysteria, spasms, sun-stroke, convulsions, sciatica, lumbago, cholera, and yellow fever.

Freeman's Chlorodyne allays the irritation of fever, soothes and strengthens the system under exhaustive diseases, restores the deranged functions, stimulates healthy action of the secretions of the body, gives quiet and refreshing sleep, and marvellously prolongs life. It may be taken by old and young, at all hours and times, according to the directions.

The great characteristic of FREEMAN'S CHLORODYNE is its marvellous power to assuage PAIN of every kind, which no other preparation sold under a similar name possesses in anything like the same degree, has attracted the attention of sufferers in all parts of the world.

One of the most marked symptoms of CANCER is the PAIN—pain of a most severe, intermitting, neuralgic sort, gradually increasing in severity, felt in the tumour itself as a sharp, stabbing or burning sensation. Freeman's Original Chlorodyne is now acknowledged to surpass all other known remedies in allaying the pain of cancer. Mr. Freeman's Pamphlet on the treatment and cure of cancer will be forwarded post free.

Manufactured by the Sole Inventor, RICHARD FREEMAN, Pharmacist, 70, Kennington Park Road, London, S. E.

Sold by Chemists and Patent Medicine Dealers in all parts of the world, in bottles, 1s. 1/4.; 2-oz., 2s. 6d.; 4-oz., 4s. 6d. half-pints, 11s.; and pints, 20s. each.

N.B.—Lord Chancellor Selborne, Lord Justice James, and Lord Justice Mellish, decided in favour of FREEMAN'S ORIGINAL CHLORODYNE, and against Brown and Haverport, compelling them to pay all costs in the suits. —See Times of July 24th, 1873.

A FEW OF THE TESTIMONIALS RECEIVED FROM USERS OF THE SWAN FOUNTAIN & GOLD PENS.

Boston, September 17, 1878.

Messrs. Mabie, Todd, & Bard.

Sirs,—I have sent one of your Pens, to have a point made, through Messrs. Hooker, Lewis, and Co., of this City. You may like to know that I have used this Pen constantly for more than TWENTY YEARS, from the days of a book of mine called "The Autocrat of the Breakfast Table" (1857-8) until last Friday without repair, and always with perfect satisfaction. I have written with it half a dozen or more volumes, a large number of essays, &c., and thousands of letters. I feel it as to an old friend, and I hope you will do the best you can for it, though I have in the meantime bought another of your make—"corrugated," marked "C." I do not know whether YOU care for this testimonial, but I feel as if THE PEN which has carried out so much of my thought, and brought back so much in various forms in return, was entitled to this certificate of honourable service.—I am, Gentlemen, yours truly,

OLIVER WEDELL HOLMES.

2, Anson Corner, Jan. 25, 1894.

Sirs,—I have been using a SWAN PEN for nearly three years, and although I have given it exceptionally hard work, it seems to me to write just as smoothly and comfortably as when I started. I NEVER WANT A BETTER PEN. For men who are constantly scribbling—as I am—the MABIE-TODD PEN is indispensable. I simply could not go back to the old hard splintering steel nib.—Yours faithfully,

F. A. ATKINS,

Editor of the "Young Man" and "Young Woman."

Carisbrooke, Birdburgh-rise,

South Crofton,

June 12, 1883.

My dear Sirs,—I must congratulate you very heartily on your success in making a large-size Swan. The larger, and therefore stronger, more durable and flexible nib, and the greater ink capacity of the large-size Swan, are advantages which cannot fail to be readily appreciated by all fountain pen users.

The two large-size Swans, one for longhand and one for shorthand, which I now have, seem to me, in every way, as near perfection as one may hope to get.—Very truly yours,

EDWARD J. SANKWELL,

Editor "The Reporters Magazine."

5, Endsleigh Gardens, London, N.W.

Jan. 23, 1894.

Sirs,—I have used the Pen with which I am writing this letter for more than three years with the greatest satisfaction. I sometimes travel without any other companion, but I never feel that I am without a friend as long as I have my faithful "MABIE" with me. Once or twice when, through some carelessness of mine, my COMPANION has been laid aside for a day or two, his steel and quill Substitutes have irritated me so much that I have felt that in such company an editorial life would be well exchanged for that much-maligned but healthy occupation of keeping our high roads in a state of good repair.

Several of my fellow-editors, including Rev. HUGH PRICE-HUGHES and Mr. F. A. ATKINS, rejoice in the possession of a similar companion in

their literary labours, and, as I know, equally disposed to bless the skill and inventive genius of Messrs. Mabie, Todd, and Bard—Yours truly,

HENRY S. LUNN,

Editor of "The Review of the Churches."

Knollys Road, Streatham S.W.

Feb 10, 1894.

Dear Sirs,—... It may interest you to know that the pen with which I write this note is the same pen I bought from you some fifteen years ago. It has done much hard and constant work in my daily, both in my reporting practice and in my ordinary business correspondence. It has now got quite used to my ways, and is to-day a better instrument than when it swept over the pages of my notebook in its first neck-nothing race to overtake and pin to paper the thrilling periods of the Rev. Dr. Alexander Whyte, of Free St. George's. Since that evening I have never taken it from its sheath without thinking of "Elesar, the son of Dado the Abbot," who "smote the Philistines until his hand was weary, and his hand cleave unto the sword." It is now reserved for my finest photographic work, which is all done at home, while the broader nib I bought from you some years ago does duty in the office in my ordinary longhand-correspondence. I have recommended this pen to hundreds of my photographic confreres who are never seen in the lecture hall without a fine and a medium or broad-pointed Swan.—Yours faithfully,

WILLIAM MAIR, F.R.P.S.
