a violent - south westerly gale
So called because it

comes from the region

of the pampas ^{traversing the River Plate} and ~~returns to the River Plate~~

1876.

Sept 10. Sunday. After coffee I and Maurice milked. I bathed myself afterwards. I drove up the horses and ran this evening on the big white trotter. It rained a little today. Herman is sick this afternoon. The capataz parted out the big negro mocha cow and is going to tame it.

Sept 11 Monday. — I and Maurice milked after coffee. I planted lettuce, the rest of the forenoon in the field. After dinner I and Eliza planted beans between the trees, and then I helped plant potatoes. The grass-

hoppers flew again today. I drove up the horses on the little bayo. They were far and scattered. It was a windy (north) day and looks like more rain. The wagon went in today Lariana driving, and takes Ramon and family in. So we have now only the German Brown as team, and Lariana for nothing.

Sept 12. Sunday. — I and Maurice milked after coffee. The capataz and wife milked the mocha, its horn broke off, and it was pretty wild. I helped plant the last of the potatoes, and then I and Eliza planted beans. I and Brown

Brown pulled up water after dinner, and then I and Maurer planted citrons, cucumbers, and with Eliza beans. I drove up the horses on the wild alisan of the black yegua tropillo. Willie went into Canada James and brought the mail today. The grasshoppers flew thick this afternoon and the camp is full. It was a pleasant day.

Sept. 13. Wednesday.

After coffee I milked alone. It then began raining, and looked as if it was going to be a pampalo but wasn't. I helped shell corn, and also helped the capataz

wife to milk her mocha; I fixed it up. This afternoon I and Eliza planted onions in the field. I drove up the horses on the little pando. The wagon came this morning. It brought the iron fence for around the grave. saw dust, sugar etc. It was a pleasant afternoon.

Sept 14. Thursday. — As soon as the cows came I milked. Willie damared the capatazes potro this forenoon, but it was lame and didn't buck much. I began hoeing around a bed this forenoon, from the road to the fence, and finished it this afternoon early. I drove up the horses this evening

on the big pacer, there
were some very far.

It was a pleasant day.

Sept. 15. Friday.

It rained in the night
and this forenoon very
much, so I had to milk
in the hard rain. This
afternoon I planted a row
of paraiso seeds. I rode my
alisan to bring up the horses
this evening. It tumbled
with me and I turned a
sommersault over his head.
It was a little windy this
afternoon.

Sept. 16. Saturday. — I
and uncle filled the
pig pen with brick pieces.
I hauled them before
milking, and after I

milked I threw them in
to the pig pen and stamp-
ed them. The rest of the
forenoon I made a bed to
plant lettuce, and laid
out a long bed from the
walk to the fence. This
afternoon I helped yoke
up a novillo and then
I and Eliza plant melons,
peas and lettuce. Willie
and Brown are plowing
to plant alfalfa and
Lariana is harrowing.
I drove up the horses this
evening on the red horse
Trank always rides. It
was a very pleasant warm
day.

Sept. 17. Sunday. — Right
after coffee I and Eliza
milked I took a bath

in a tub afterwards. This afternoon I took the two girls (Maurice & Elisa) down to the cattle and around. We lifted up a cow, and had fun. I rode the little yellow horse. Some of the open (rs) are missing. It was a pleasant day.

Monday 18. Sept. - This morning Charlie was going to go to Canada Grove but he got such a side ache that he could not go. So I went in his place. I rode a little white horse, leading Charles big horse. When I got to Sugar, I left the white horse there and rode the other. I got there at 10, and started about

1 1/2 P.M. and got here about 5. I got some papers, Willies shoes etc. I eat there. I got a \$1 for going, and gave two shales to Suzy person for caring for the horse. It was a hot day and looks like rain. I eat at Hausens. I have now \$24. 7 1/2 c.

Sept. 19. Tuesday. - After coffee Elisa and I milked. When it began raining, so after butchering we spent the rest of the forenoon in shelling seed maize etc. This afternoon I transplanted tomatoes, peppers, and turnips. Mr Coombs stopped here this afternoon in going to Las Rosas. I and

Willie went down to the cattle this evening. I am 'blue legs'. We had fun in purchasing a new cattle. It rained a good deal this forenoon and the ground is wet, though and through. This afternoon it was hot and pleasant. —

Sept. 20. Wednesday. — After coffee I caught hold of the bucket at the well, and then I and Elisa milked and plowed the rest of the day with Willie and Brown for alfalfa. This evening I and Brown pulled up water. — I riding. —

It was a hot day, a day for plants and grass. We plowed with one yoke and it was bad to plough on account of the wet grass. —

Sept. 21. Thursday. — This morning we tied two horses up to open to James and I and Elisa milked after they had yoked up. They pulled out a cow from the cattle for a milch cow, but it is an old wild cow so we will have to let it loose again and as it don't care for its calf, I plowed the rest of the day with Willie and Brown. It was a hot day and a foggy morning.

Sept 22. Friday. After coffee Elisa and I milked. The rest of the forenoon I and Elisa planted string beans around the dead peach trees. After dinner I spaded a little piece of ground for mother, and Vitau planted some onions, and then I and Elisa and Maurice planted beans in rows the rest of the afternoon. This evening I helped drive up the cattle on the sebruns of St. Johns. It was a hot day, and I did not put any under shirt or drawers on.

Sept 23. Saturday. After coffee I and Elisa milked. We got a full

bucket now. The rest of the forenoon I dropped maize behind uncles hoe or foot steps. This afternoon we planted more maize behind the hoe; the two girls helped also.

They put up the shower-bath today. It was very hot and windy day. And this evening after supper it rained a little. The grasshoppers flew this afternoon.

Sept. 24. Sunday. At about midnight it rained and hailed very hard, and was very windy. I and Maurice milked as soon as the cows came. We lifted up 5 old cows in the potter this morning.

batted my self good this forenoon. This evening I drove together the horses on my little alisan. Had some fun with the girls this evening. It was a disagreeably cloudy day. Today there was church over at Las Rosas but we did not go. —

Sept. 25 Monday. — It rained again in the night. I milked alone after coffee. We lifted up 5 cows in the corral this morning. It rained a good deal this forenoon. This evening I drove together the horses on the little saine. It was a very disagreeable day,

Sept. 26, Tuesday. — After coffee I helped Fletcher, and then I and Maurer milked. The rest of the forenoon I and Eliza planted onions. This afternoon I and Maurer planted onions, turnips, and then with Eliza made a long bed from the walk to fence. I drove together the horses on blue legs this evening. I had great trouble in bringing up a horse for Chicabine to drive up. the horses in the morning. It kicked me a couple of times. It was a pleasant day, but in the morning it was a little drizzly. —

Sept. 27 Wednesday. — After coffee I and Maurer

milkeed. The rest of the forenoon, I and Elisa planted beans, and chased grasshoppers. This afternoon, I and mother and Mauree planted sandias and melons. I drove up the horses on the little yellow horse this evening. I took a shower-bath this afternoon 4 P.M. Willie went into Canada Gomez after the mail, he took two horses but had to leave one go because it would not lead. Mrs. Dickenson and Smythes were here towards evening. It was a delightful warm day.

Sept. 28. Thursday.
After coffee, I and Willie and the capataz parted

out a woolly naville for an ox from the cattle, I rode Blue legs. I and Mauree afterwards milkeed. The rest of the forenoon, I and Elisa planted melons. had fun. Larguia and an other native eat here. He had trouble with his horses in going off... broke the harness. Schroeder also eat here. This afternoon I and Brown plowed for maize in the big field, uncle dropping. I took a shower bath at about 4:30 P.M. Mrs Nordenholz, Sharp, Kretzman, Fieljus and another lady were here towards evening. I got on the horse that pulls water, drove up the red horse of black jaguar,

and on it drove together
the other horses. Some were
far. - It was a windy
day, and towards evening
the Langstons came. -

Sept. 29. Friday. - Right
after coffee I milked the 4
cows. I ploughed the rest
of the forenoon, and a part
of the afternoon ploughed
maize. Took a shower bath
at about four. I drove
together the horses this
evening on the butcher
horse. It was a very windy
(north) day and hot.

Sept. 30. Saturday. Right
after coffee, I and Mauger
milked. I cleaned my
pistol this forenoon and
read. Brown poisoned the

hides (120) today by dip-
ping them into a trough
filled with water. I took
a shower bath at 3 P.M. and
then I and Willie pulled
up water. I riding. - I
drove together the horses
on the big white horse
that was so rung. It
was a very hot day, and
the north wind blew very
strong this forenoon.

Sept. Oct 1. Sunday. - I
got up early this morning
and milked with Eliza. ⁽¹⁾
I took a ^{shower} bath this forenoon.
We also lifted up a cow
past the patero game
down bareback. This
evening we all went down
the cattle, the 2 girls
Josephine Johanne. Eliza

rode the big mestiza, but as she could not manage him, so I gave her my alisan and I rode it and then she traded with Johnnie because mine had hard trot, and then she fell off it. The cattle are calving now.

It was very hot and windy day. — This evening in the moon light we jumped ropes. —

Oct. 2. Monday. As soon as I got up this morning I drove the cows into the corral and then I and Elisa milked before coffee 7 A.M. I went into Canada Gomez today. I rode the St. John seymus to Suarez left him there, and then rode the

little white lazy horse in and back to Suarez. I started after coffee and got there at 11. I eat at the station for a dollar. Mine boots were nearly finished so I waited until about 3 1/2 P.M. before I started, and got home at about 7 P.M. I got the mail, news for Lanciano but could not get bird seed. Frank writes that he has to stay other week in Rosario. I am coming home in the first Canada it was dark. I heard a dog bark and seen a man right behind me, but he galloped off, looked suspicious. I rode very slowly. I got a dollar for going in making me \$25.75.

Last night there was a
pampero and a little
hail. This morning a
cold wind blew, but this
afternoon it was pleasant.

Oct 3. Tuesday. — As
soon as I got up I drove
the cows into the corral,
and I and Elisa milked
before coffee. The rest
of the forenoon I dropped
manure behind 3 plows in
the big field, and this
afternoon I plowed for
manure with Willie and
Braun. This afternoon
the grasshoppers came
very thick, and eat
some barley etc, and
we had to chase them.
I put down the cattle
at about 3 P.M. on the

little sarno. We tried to
part out the mestizo boys
for the milch cows but
could not. This evening I
jumped rope with the
servant girls. It was a
windy day.

Oct. 4. Wednesday. — As soon
as I got up I got on a horse
wharback and drove up the
cows and then milked with
Eliza before coffee. The
rest of the forenoon I help-
ed plow for manure, and a
part of the afternoon.
It took a shower bath
at 4 P.M. and then went
down to the cattle on 'flug
legs'. We parted out the
mestizo boys for the
milch cows. It was
a windy day.

Oct. 5. Thursday. — I and
Elisa milked this morning
before coffee. The rest of
the forenoon I nailed
staves on to the fence, so
that the little chickens
could not get into the
field (3). This afternoon
we ploughed again for
maize. I took a shower
bath at 4.30 P.M. I went
down to the cattle after-
wards an old Kuns (boy)
and parted out a red
cow to lame. It is pretty
tame, and has a large
fat calf. It was a windy
day. This evening I
and Johnnie & Hoffman
played with the girls
in the yard. There is
a young german working
for his board, here,
named Hemrich.

Oct. 6. Friday. — I and
Elisa milked before coffee.
the red cow is pretty tame
but its calf is wild and
would not suck so we kept
it locked up all day. (4)
I ploughed the rest of the
forenoon and part of the
afternoon, with the others
for maize. I took a shower
bath at 4 P.M. and then
went down to the cattle
on the big white trotter that
was so sick. We parted
out the big red cow for
to lame and parred off
its horns and tied a
rope to its horns. It has
a big black calf, two
months old, fat. We
played again with the
girls this evening. It
was a dry windy (wind) day.

Oct. 7. Saturday. — Before coffee I and Eliza milked. The red cow we parted out last night, is very wild, so we did not try to milk it, as its calf would not suck any how. I ploughed the rest of the forenoon, and afternoon with the others for maize. (5.67.) I went down the cattle on the little yellow horses this evening. It took a shower bath at 5 P.M. It was a dry windy (south) day. —

Oct. 8. Sunday. — Before coffee I and Maurice milked. The red cow we parted out last is very wild. I humped around all forenoon, washed, peeled peas etc. (89.10) After dinner I and Heinrich

pulled up water. I riding. I took a shower bath. We had a great deal of trouble in locking up the calves, but I lassoed them. Two of the last cows also went down to the cattle, and we parted them out this evening. — I drove together the horses this evening, all the lazy little white horse, and then went down to the cattle. Willie was into Canada Games today, and brought out a letter from Frank; sent come yet. — It was a pleasant day. —

Oct. 9. Monday. — Before coffee I and Maurice milked. I milked the red and the white cow, but could not milk the wild red cow

because it fell over so much.
(win), I ploughed the rest
of the forenoon and after-
noon. We are way down the
field where it has only been
plowed once, so its rough.

I took a shower bath at
four, and then went after
the horses on my little
alisan, it's agly in the
mouth now. The black
yegua of the tropillo got
sawed last night. The
chain in the pump for
the cattle got broke today,
but believe they fixed it
again. I jumped rope with
the girls before supper. It
was a hot windy (yart)
day, and looks like rain.

Oct. 10. Tuesday. — Before
coffee I and Misaree milka.
We got a bucket-chuck full
besides what for coffee. The
rest of the forenoon I
plowed with the others.

This afternoon I made me
two milking straps, etc.

I drove together the horses
this evening on the little
saind and then went down
to the cattle. (J. C. K. & A. J. W.)

The dordillo yegua is
missing with some horses
and Willie and the Capataz
looked for her this after-
noon, but could not find
her. It was a very
windy day (sault).

Oct. 11. Wednesday. — Before
coffee I and Mafree milked.
Uncle went to Alvarez to
buy ^{\$12} 21 head of cattle today.
So I had to drop maize
behind three plows. Willie
hunted for the lost horses
today but could not
find them. I drove
together the horses this
evening on blue legs
and got sun down. I helped
drive in uncles new cows.
I had trouble with one
☹. It was a pretty cold
morning, and a little
windy day. We are fin-
ished planting maize
in the big field.

Oct. 12. Thursday. — As
soon as I got up, I and
Elisa and Mafree milked,
and then I helped them
marked Uncles new cattle.
21 head. There were some
pretty bad cows. The rest
of the forenoon I spaded
harrowed a piece of ground
in the little garden, and
then I and Elisa planted
beans in the field. ☹.
This afternoon I planted
sandalas in the front
yard and in the field.
I drove together the horses
this evening on the big
white repps trotter. It
was a windy (east) and
pretty cold day. I
had a bad tooth ache
all day. —

Oct. 13, Friday. Before
coffee I and Maurel
milked. The red cow is
tame now, but the other
red cow with the big
serial on its head is
wild yet, and we can't
milk her yet. The rest
of the forenoon I planted
some sandias, and
then corn, among the
trees this side of Willie's
paraiso seeds, for myself,
of Caspar's soft-may, and
also this afternoon
30 rows in all. I drove
together the horses this
evening on the St. Johns
sabruff. Willie looked
for the grey yegua
and the 6 horses today,
but a native brought
them from Chankaris
colony. had to pay \$6. (27)

It was a windy (east)
and cold day. I had
the tooth ache today,
and last night very
much. —

Oct. 14, Saturday. — Before
coffee I and Maurel milked.
I went into Aguada de
Gomez today. I rode my
Alisan and led the large
little white horse to Suarez.
I left here at 8, and arrived
at 11.30 A.M. I had
dinner at Hausen's all
alone. I had my boots
mended and Elsas shoes.
Got some mail and a letter
from Frank (can't come yet).
I left there at 2 and
arrived at about 6. Before
supper played with the
girls. (28) I had tooth

ache all day. Seen some
grasshoppers in C Gomez
and Suarez. It
was a windy and pretty
cold day. I got a
dollar for young making
me 26.7th r.

Oct. 15, Sunday. — Before
coffee I and Eliza milked.
Josephine and Willie went
to breakfast at Las Rosas
today. Kretzman came
this afternoon. We have
got another milk cow
today a black one of
the colony mark, calf born
last night. ^{or (3)} This evening
I and the two girls went
down to the cattle. I rode
the fat red horse that has
been lame so long. I
peached a tree, they were

caparing. It was a pleasant
day, but a little windy (north).

Oct. 16, Monday. — This
morning early we went
over to Las Rosas to part-
out our cattle on the
north rode. We got up at
5 had coffee and then
went. Willie John Capataz
and I on the little yellow
horse. We only found
3 animals, and had no
trouble; there were a good
many natives there, parting
out cattle, caparing toros, &c.
Got home at 10. The rest
of the forenoon I spaded
around a piece of ground
in the garden. Kinkelin
and Kuns came at noon
today on a visit and are
going to stay a couple

of days. This afternoon
we captured 19 toros
out in the camp. I rode
on the St. John sebruno,
and lassoed several,
and also helped drive
up the cattle. It was a
warm, and little windy
(north) day. (M) (2.)

Oct. 17. Tuesday. — Before
coffee Elisa and I milked.
We got the big and the
little bucket full. After
coffee I and Brown hauled
two loads of bricks down
to the grave, as Kuns is
fixing the fence around
the grave, and then after-
wards I and Maurer
hoed the uncrops. This
afternoon I and Herman
pulled up water, and

then we marked the year-
ling calves from the
milch cows, 13 in all.
Afterwards I carried water
to Kuns, hoed beans etc.
I rode blue legs down to
the cattle this evening.
We had fun in parting out
^{some} acheno cattle, he is yappo.
This evening I was trying
to trim his hoofs, when
he raised up or kicked me
in the nose a terrible lick,
made it bleed and swell
up. It was a hot beauty-
full, and looks as if we
are going to have a
torment. (M) (3). Willie
and the capatas went
to the Rodedat-Rosas
this morning and found
five animals,

Oct. 18. Wednesday

Before coffee I and Elisa milked. There was a dordillo yegua and some horses missing this morning and 3 navillos. So after breakfast I, on the big white troengo trotter, went with Willie and the capataz to Amalias, and there separated in coming back but could not find them. This afternoon I helped mamba in the garden, hacked round a bed, etc, and also began hoeing the potatoes which are big. I went down to the chute this evening, see the little saint. We patted another tame cow let milk, a warosa, with an immense bag. It

rained a little last night, and this morning it was cold and cloudy.

Oct. 19. Thursday. Before coffee I and Elisa milked this morning. The grey cow we parted off yesterday is very tame. The rest of this forenoon and a part of the afternoon we had the little patch of potatoes, 43 rows. Kinkelin and Kums went away again today. Mother packed Kums & cauder for the 2 1/2 days work on the grave. Elisa went along on a visit home, until Saturday after next when I go after her (15). She is a good girl and

She rides butcher horse. I drove together the horses this evening on the fat red horses that has been lame so long. Willie and the capater parted out 4 cows at a hook at a natives place near Amaleas.

Lariana is looking for the lost horses. It was a hot beautiful day, little north wind.

Oct. 20. Friday. After I and Maurice milked before coffee. The rest of this forenoon I transplanted sugars, and a part of the afternoon. Mr. Tregeath and wife stopped for dinner today, and also a young man from north. I and Lariana pulled

up water this afternoon. I went down to the cattle this evening on the lazy little white horse. Frank writes that he will come out Sunday A.M. I was a very windy (south) day, and a cold evening.

Oct. 21. Saturday. I and Maurice milked before coffee. The rest of this forenoon I helped uncle in the field hoeing around the trees. This afternoon I took a shower bath. Charlie and Josephine went into Canada Cove in the little wagon this afternoon to bring out Frank tomorrow. I expect drive in the cattle on the skins of St. Johns this evening.

It was a very pleasant
afternoon, but a coldish
evening.

Oct. 22. Sunday. — I
milked this morning all
alone before coffee. The
capataz and the bombero
bought two potros from
Los Lomas, and Chevaline
donated them. Josephine
Charles and Frank came
back again from Canada
Gomez this afternoon, the
latter from Rosario. Every-
thing is settled about the
money now. We have
something like \$23,000 left.
I drove together the horses
this evening on my little
alsan. He is getting
ticklish on the head.
It was a pleasant day,

a little north wind.

Oct. 23. Monday. — I
milked this morning
before coffee. We have got
a watch whose mother
died, so we let it suck on
the big grey cow. This fore-
noon I helped hoe around
the trees in the field.
I had a severe sore throat
last night and today. Frank
and Willie took Frank into
Canada Gomez in the
wagon, at noon. As Frank
is going to Tucuman,
with a freeticket. This
afternoon I laid on my
bed. I drove together
the horses this evening on
the little yellow. Some
worse were at Kemmis
well, I was a hot

north windy day, and looks like panipers.

Oct. 24. Tuesday. — I and Maurer milked before coffee. the cows have such sore tits now. I had a bad cold all day so I did not do much, except carry post from out side into the back yard. Willie came back again from Canada Grove this afternoon; he had to leave boys behind because he was lame. I drove together the horses this evening on 'bluelegs'. It was a very hot sultry day, (cloudy).

Oct. 25. Wednesday. — I and Maurer milked before coffee. They butchered this morning. I helped hoe around the trees the rest of this forenoon and a part of the afternoon. Mrs. Fregarther stopped for dinner. I and Luriana pulled up water this afternoon. I drove together the horses this evening on the big white trotter. Last night it rained a very little. Today it a little windy (north).

Oct. 26. Thursday. — I and Maurer milked before coffee. The wagons started today for the mount. Willie and a voyageur went along on horse back. Brown, Luriana and Vicente drove. The had

trouble to yoke up the
oxen and mules. This
forenoon and afternoon
I had a little feed,
cleaned out the troughs
etc. I drove together
the horses this evening on
the little beyond of St.
Johns. Some horses were
clown towards the priest
and I was driving them
up when a pampers with
very hard rain came, and
I hurried home all my
night. I was soaking
wet. Boots full, and etc.
It rained very hard.
It was a hot youth
windy day. I sleep in
Willie's room while he
is gone. I took a shower
bath this afternoon

Aug. 27. Friday. — It rained
a good deal last night.
I milked this forenoon,
all alone. I and Heinrich
transplanted lettuce, beets,
and curly mustard the
rest of this forenoon and
a part of the afternoon.
This afternoon we also
picked pears. I and
Josephine went down to
the cattle this evening.
I on the fat red horse
that has been lame.
There is plenty of
water in canals and
and lagunas now.
It was a hot cloudy
day.

Oct. 28. Saturday, While
I was milking before coffee
it rained. I was going to
go after Elisa to Canada
Jamez but as it rained
at about 8 1/2 A.M. I didn't
go, but the rest of the
day it was delight-
fully warm. This after-
noon I and uncle
white washed the back
wall. I went down to
the cattle this evening
on the little sario.
Things are growing now
with this weather.
I took a shower bath
this afternoon.

Oct. 29. Sunday. I went
into Canada Jamez today
to bring out Elisa. I started
after I had coffee and pan-
cakes at seven. I rode the
horse Willie borrowed of Hans
and the little white lazy
horse. I got in there at
10, and had breakfast.
I bought a tirador for
the capataz. Elisa had
come yesterday already.
We started off again at
about two when her horse
had come out bays. I
rode bays half ways
out. We had great fun
underways. We got home
at about six. Toegarten
is going to stay over
night. His appraiser
broke down in Canada
Jamez. I got a dollar

Oct. 29. October 29

for going in, and spent 2 deals for candy, leaving me \$27.50 real, I was a very cloudy but still a pleasant day. —

Oct. 30. Monday. — I and Elisa milked before coffee. I and uncle and Heinrich planted sage orange seeds the rest of the day. We planted them from the horse corral along the fence, around the poters, and along the ditch. It was hard work. I drove together the horses this evening on my little alisap. Some horses were far, and I had trouble to bring up horse for the pen. My horse was clean tired out.

It was a very cloudy, but not unpleasant day. It looks like rain. (X) (3)

Oct. 31. Tuesday. — I and Elisa milked before coffee. The rest of this forenoon I, Henry, and uncle planted sage orange seed along the fence. This afternoon, we began hoeing the big patch of potatoes. I and Herman also pulled up water. I drove together the horses. This evening on the little bayo, I had great trouble and did not come home until late. It was a cloudy cool day. I won another lot in pulling straws with Elisa this afternoon.

November 1. Wednesday
I and Elisa milked before
coffee. The rest of this
forenoon and afternoon
uncle and Heinrich
hoed potatoes. Today,
two hours siesta begins.
I went down to the
cattle, this evening on
the big white trotter,
as the bombero drives
the horses together. This
afternoon it rained a
little. It was cloudy
all day, and this
evening a strong south
wind blew. (m) (2) falling

An old white milch cow
got a calf on Sunday
night in the cow corral.

Nov. 2. Thursday. — I
and Elisa milked before
coffee. The rest of this
forenoon and part of the
afternoon I helped uncle
and Heinrich hoe potatoes.
I and Herman pulled
up water this afternoon.
I drove together the
horses and panson this
evening and then went
down to the cattle. I
took a shower bath at
noon. It was a windy
(south) day. (m) (2)

Nov. 3. Friday. — I and
Elisa milked before
coffee. The rest of this
forenoon and a part
of the afternoon I helped
uncle and Heinrich
hoe potatoes. I drove

together the horses this evening on Charles, big horse: the two sheeps were past Las Tomas, and there are two horses missing yet. It was a very pleasant warm day. (S. 1)

Nov. 4. Saturday. I and Elisa milked before coffee. The rest of the forenoon and a part of the afternoon we hoed potatoes. I drove the horses together the horses this evening on the big white trotter. The little bay is missing since yesterday. Willie came back from the mount today, wages coming tomorrow. had back

luck. broke one ox's neck and bad weather. It was a cloudy day, and wanted to rain. Bauers big red cow got calf today. (4)

November 5. Sunday. — I and Elisa milked before coffee. I fixed my stirrup leathers this forenoon. The capataz found the little yellow horse at Languas today. I drove together the horses on Josephine's yellow horse this evening. I near came falling off him. I broke my stirrup, and in recovering my balance lost a rein and he commen-

ced by kicking and running
but I got it again. I
could not get a half
blind horse into the
corral so I lassoed it.

It was a delightful
day. and looks like
rain. I sold a burning
glass to uncle for 2 reals
making me \$27. 7 1/2 n.

Nov. 6. Monday. - I and
Elisa milked before coffee.
The wagons came back from
the monte with wood this
morning, got big loads.
Brown was hooked by
a navillo yesterday. We
sent Heinrich and
Lariana away today.
I helped pile up the wood
and then hoed potatoes
with uncle this forenoon.

At siesta I worked at
my little garden, fixed
sticks for vines to grow on,
planted ombu, pine,
cane and morning glory
seeds. This afternoon I
helped hoe potatoes with
uncle and Brown. I drove
all the horses in the
corral this evening (to lock
up over night) on the fat-
red horse of Lariana.
It was a hot day. -

Nov. 7. Tuesday. - I and
Elisa milked before coffee.
It rained last night.
The rest of the forenoon we
went around in the corn
and pulled out weeds.
After dinner I and Elisa
hoed our melons until

about 2:30 P.M. and
then we went out in
the camp to capar toros.
I rode blue legs and I
caught 4 good fun.
In the evening I drove
together the horses. I also
planted sprague this
morning. It was a hot
delightful day.

Nov. 8. Wednesday. - I and
Elisa milked before coffee.
I and Willie began hoeing
among our paraiso seeds,
but it began raining.
I rained light by the
rest of the day. I
gave Willie 4 reals for a
rebenque, leaving me \$27.50.
I also gave him my hair
snuck for a broad

leather one. I drove together
the horses this evening on
the sebruno of St. Johns.
I had trouble with being
a horse to tie out, and
got wet through and
through. (4)

Nov 9. Thursday. - I and
Elisa milked before coffee.
the corral is pretty muddy.
The horse-leas were full of
the black beetles and I and
uncle killed them. I
transplanted lettuce this
afternoon and then helped
cut off the bird seed.
I drove together the horses
this evening on the little
saw. Pitchered this morn-
ing. It was a little
windy day.

Nov. 10. Friday. — I and Elisa milked before coffee. I was quite sick last night. I had to go to the pot three times. This forenoon I helped clean off the paraiso bed, and then helped hoe between the trees. This afternoon I also helped hoe between the trees, dug some potatoes, and then drove together the horses on the little bays. It rained a little this morning.

Nov. 11 Saturday. — I and Elisa milked before coffee. The rest of this forenoon I helped hoe in between the trees. This afternoon we gave rodeo so that the Chupinas and Losas

could part out their cattle. We drove the cattle together near the potrero. I rode the fat red horse of Larduyas, and helped Pachar a little. Wilkey went into Canada Gomez in the wagon (young stiefel and bays) to bring out Frank Hornorran. I drove the horses together this evening on the same horse. It was a drizzly afternoon.

Nov. 12. Sunday. — I and Elisa milked before coffee. I washed myself good after coffee. Wilkey came after dinner, but without Frank. As he sent a telegram that he was coming out Wednesday,

I paddled the girls horses this afternoon to go out-riding. I drove together the horses this evening on Charles's horse, the two bayos were missing and I looked for them, but could not find them. It was a warm day, a little windy. ③

Monday, Nov. 13. I and Elisa milked before coffee. Willie and Capataz went over to Sentyunda's to part out cattle. I helped hoe in between the trees this forenoon and part of the afternoon. This afternoon I helped Willie trim two horses hoofs, and hitch old steved in the sled. I drove the horses in the

corral this evening, on the lazy little white horse, and then I looked for some horses (Blanco, rosow, dardillo alian, & sebrund) on the big white trotter but could not find them, came home 7:45 P.M. It was a cloudy windy day. ⑤

Tuesday, Nov. 14. It began raining this morning. While I and Elisa were milking, and rained this rest of the forenoon. I picked peas off the stems in the galpau afterwards. I put my horse in the lane this morning but he jumped over the fence so I put him in the back yard. I cut me a short milking

strap this morning. Willie
went and the capatas went
over to Rosas to past-out
cattle this morning. I
drove together the horses,
this evening on my alisa,
the most of them, were
opposite Las Tres Lagunas.
It was a disagreeable
rainish day. ☹

Wednesday, Nov. 15. 1896 —
It rained very much last
night and this morning
and I had to milk just
two cows for today's use.
2 bands of horses were
missing this morning, but
the capatas found them
north of Las Rosas this
evening. It was a rainy
day. I drove the horses
into the corral this

evening an, 'blue legs', the
ground so so wet that
its hard to ride.
also helped the capatas
drive the horses he found
home. ☹

Nov. 16. Thursday. — I and
Eliza milked before coffee,
plenty of mud in corral.
The rest of the forenoon I
dug potatoes, and succored
planted trees with uncle
and Brown. This afternoon
I helped Eliza pick peas
and they helped drive up
the cattle and the little
saw. Willie found the
yellow horses at Lagunas.
It was a cloudy, rainy
day. ☹

Nov. 17. Friday. — I and Eliza milked before coffee. corral muddy wet. The rest of the forenoon I helped trim succor peach trees and pulled out the mustard in the barley. Braggy went in to Canada Grove in the wagon at noon to bring out Frank tomorrow. I helped uncle hoe between the trees, this afternoon. Josephine and I went to help drive up the cattle this evening. I on the little bays. It was a sunny day (a little south wind).

Nov. 18. Saturday. — I and Eliza milked before coffee. Right after coffee I went over to Las Lomas to help part out our cattle. We parted out about forty when Dickenson would not let us part any more. I rode blue legs. Three of the cows were tame so we are going to milk them. One white one is pretty wild, sawed its horns and tied a rope to its horns. Brown brought out Frank in the little wagon today. He speaks very well of Tucuman. Trip cost \$210. He brought some sugar cane along. I helped hoe between the trees this afternoon. I drove the horses together this

evening on the lazy little
white horse. It was a
warm day. —

Nov. 19. Sunday. — I and
Elija milked before coffee.
We let loose the wild
white cow we got yester-
day, as it is very wild.
I dug potatoes this morning.
I drove together the horses
this evening on roads on
the skirts of St. Johns.
The two Steffels were
missing so I looked for
them on the little bay
till 8 P.M. past Las Lomas
but could not find them.
It was a delightful
day. — ②

Nov. 20. Monday. I
tied up the wild cows
for Elija this morning,
and then we went over
to Las Lomas to part-
out cattle. I rode the
fat red horse of Larcenia.
didn't have much fun
had to take care of rodeo.
parted out about 75. —
This afternoon I and
Willie began pulling out
the weeds in alfalfa
and then helped hoe the
beans. I helped drive
up the cattle this evening
on my alisan. I took
a shower bath this after-
noon. Steffel's brother brought
back the two steffels this
afternoon from Chararris
colony. It was a hat-
beautiful day.

Nov. 21. Tuesday

I and Eliza milked before
coffee. ~~Mathew~~, Charlie
and uncle went to
Tregarthers today, and
Frank went to Garguias
to bring home the Bayas
and other horses. I mucked
the alfalfa this forenoon.
This afternoon I helped
Eliza hoe the amais and
also pulled up water with
Willie, riding. I drove
the horses in the corral
this evening on the little
samo. It was a very hot
day, and looks like
rain. @ muck

Nov. 22. Wednesday

I and Eliza milked before
we drank our coffee.
The rest of the forenoon and
a part of the afternoon I
helped the others weed the
alfalfa of mustard etc.
I and Herman pulled
up water after dinner.
Will came this afternoon
and had coffee with us.
I drove the horses together
this evening on the lazy
little white horse. It
was a very hot beautiful
day.

Nov. 23. Thursday

I and Eliza milked as
soon as we got up. got
3 1/2 buckets of milk. I helped
finish weeding the alfalfa
afterwards and then went

into the field to hoe between the trees. This afternoon we hoed the hoorn corn.

Took a shower bath this afternoon. I drove together the horses this evening on 'blue legs'. They parted out two more milch cows from the cattle this evening. Uncle's white ang. and a red que B. It was a very hot day, but little windy gamey. —

Nov. 24. Friday. — I and Eeliza milked before coffee. the red cow we parted from the cattle last night was rather wild so we let her run again. got 4 buckets milk. I helped hoe between the trees rest

forenoon and a part of the afternoon. I and Herman pulled up water after dinner. I drove the horses into the corral this evening on the ^{light} bays, and then went down to the cattle. Frank & Charles had row today. It was a very hot, but breezy day. I looks like rainy &

Nov. 25. Saturday. — I and Eeliza milked before coffee. I helped hoe in the field the rest of the forenoon and a part of the afternoon. I and Johnnie pulled up water this afternoon. — I drove together the horses this evening on the big white trotter. the little

morro was at Kummis
well, afterwards I went
down to cattle. It was
a hot but windy forenoon.
③

Nov. 26. Sunday. It rained
this morning, when we were
finished milking. I cut
me some stirrup straps
this morning. I laid on
my bed most all day,
as I had ~~the~~ headache.
I drove horses together
this evening on that red
Largueta horse, and then
went down to the cattle.
It was a cloudy threat-
ning day. — ③

Nov. 27. Monday. — I
and Eliza milked before
coffee. Willie, Frank and
Capitay went to Reganther

to part out cattle today,
but only found seven.
I went to Largueta today
to find two horses. I rode
blue legs, and found
them about $\frac{3}{4}$ legua this
side of Largueta so I didn't
go to house. In coming
back I stopped at Garza's
to change horses riding
the parito. From there I
went to Tomas to buy
along. Willie's patro which
was in their corral. I
tied him on to Panzer.
Came back at about 2.
The rest of the afternoon
I fixed Willie's head stall
which I broke, and strung
beams. I drove to gether
the horses this evening on
papas white horse. It
was a very hot day.

Nov. 28. Tuesday. — I and
Eliya milked before coffee.
We milk 14 cows (3 wild) and
get more than 4 buckets.
The rest of the forenoon
I dug potatoes and then
helped uncle hoe in the
potatoes. This afternoon
I helped Herman pulled
up water, then helped uncle.
I drove together the horses
they evening on my alicorn.
The boys were missing
so I ~~saddled~~ the little
sams and found them
in the Canada. It was
a very hot day, but
little breezy this afternoon.
Willie took and Capataz
went to Los Lagunas
to part out cattle, and
found about fifteen.

Nov. 29. Wednesday. — I
and Eliya milked after
before coffee, got 5 buckets.
The rest of the forenoon
I helped uncle & Brown
hoe in the field. I and
Herman pulled up water
this afternoon. Willie went
into Canada going this
morning to get scythes
to cut barley. This
evening I fixed Herman's
saddle, and then drove
together the horses on
the lazy little white horse,
had trouble with the
mochero. It was a very
hot day. The black
bugs are coming again.
